

## English

In English lessons we will be reading

In SPaG sessions we will continue to focus on the spelling of year group spellings, including common exception words.

## Geography

To locate the world's countries (focusing on Europe and America). Consider key human and physical features. To identify where in the world our fruit and vegetables come from.

## Computing

**How to stay safe online.** Children will create a google presentation to share with other year groups.

## Maths

### Multiplication & Division

### Measures

## **Year 3 – Summer 1**

### **`From farm to fork'**

Our topic continues this half term with an exciting visit to **The Children's Countryside Show**. Here children will learn about animals, farming and how food gets from farm to fork. They will explore different fruits and vegetables and find out which countries they grow in.

## French

Salut – To learn to count up to twenty in French and to learn a French song.

## PSHE

During **Equalities Week** year 3 will explore similarities and differences amongst their peers.

## PE

Competitive games – Rounders.

## Science

We will continue to develop our understanding of plants including:

- How water is transported within plants.
- The life cycle of a plant, including pollination, seed formation and seed dispersal.

We will also develop our understanding of light and reflections.
