

Research different types of robots.

Make a leaflet telling me about at least 4 robots. Use headings, sub-headings and paragraphs.

What do you already know about light and shadows? Create a learning poster to put on our working wall.

- Read a few pages of your home/school book each day.
- Find a poem that you love! Learn it off by heart and recite it to your classmates or a small group.

Year 3 – Spring Term 2 2018

Illuminating Light

Complete these fantastic homework projects to support your learning and earn smilies!

5 smilies per project

Iron Man Challenge! Make your own iron man using junk materials. (No toilet roll holders please!)

Learn to spell our topic vocabulary

light	translucent
shadow	opaque
dark	transparent
reflect	solid
surface	object
blocked	protect
dangerous	absence
sunlight	

Design your own 2d (flat) robot. What does it look like? What is it made out of? What does it do? Why is your robot special?

Choose one type of metal. Make a poster telling me all about the metal. What is it used for?
