

# Sport Premium 2015/16

The government is providing additional funding of £150 million per annum for academic years until 2016 to improve provision of physical education (PE) and sport in primary schools. Through the previous success of the School Sports Partnership Programme and a commitment to ensure continued high standards of delivery in PE and School Sport, there is a desire to continue to provide a co-ordinated level of support to enhance the delivery of PE and School Sport.

This funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools. Ofsted have strengthened its coverage of sport within the Inspectors' handbook. They will consider ' How well the school uses its Sports Premium to improve the quality and breadth of its PE and sporting provision, including increasing participation in PE and sport so that all pupils develop healthy lifestyles and reach performances levels they are capable.
